

**NOTICE
WINTER WEATHER OPERATIONS
FOR BAD RIVER TRANSIT
DURING INCLEMENT WEATHER
2022-2023**

As we are all aware that the changing weather and road conditions in Northern Wisconsin can affect the way many services operate, while Bad River Transit does its very best to provide service through out the year there are times when weather makes it necessary to suspend services to the community during times of bad weather, the transit driver will make recommendation to suspend service during the times of bad weather and or road conditions.

we regret any inconvenience that may be caused by the temporary closure. Safety for everyone is paramount.

Bad River Transit will make every effort to publish notification as soon as possible once the decision is made to suspend service, we will submit posting on the face book page **“Bad River Posting Board”** (please share if you can). also a tribal wide email will go out as necessary, other means of communication may also be used as it comes available.

Thank you stay safe and warm this winter

Bad River Transit
